## TERMS AND CONDITIONS OF SALE

**SPECIAL NOTICE**—The prices named in this list cancel all previous lists and are subject to change without notice. All sales and contracts are made subject to crop losses, or through other causes over which we have no control.

**PRICES:** On amounts above 5 and under 10 apply ten rate. On amounts 25 and over apply 100 rate. On amounts 250 and over apply 1000 rate.

**TERMS:** Accounts are due first of second month following date of invoice; 2% discount if paid within ten days from date of invoice. Cash, security or satisfactory reference is required from unknown parties. Orders to be sent C. O. D. should be accompanied by one-fourth cash. Interest charged on past due accounts.

**SHIPPING:** We request customers to give definite shipping instructions regarding manner in which they wish goods shipped. In the absence of special instructions, we use our best judgment, but without assuming responsibility. All shipments travel at the risk and expense of the purchaser.

**EXPRESS SHIPMENTS:** Customers desiring this class of service will be interested to know that the rates on nursery and greenhouse products have been reduced 20 to 25 percent.

**TRUCK DELIVERY:** Freight Trucks leave our Packing Cellar daily, to many points in Illinois, Indiana, Michigan, Wisconsin and Iowa. These trucks make proper connections and transfers for shipments going to further points. Rates for this kind of delivery are on a level with local freight rates and in many cases, for heavy and full loads, lower.

If interested in this kind of delivery please write us in this connection.

**NOTE:** Some of our customers prefer to employ their own trucks for this purpose. This arrangement is very satisfactory. It means a saving to the customer—eliminating handling and packing costs.

If you do prefer to send your own truck, we will appreciate two or three days advance notice—giving us ample time to have your stock ready for loading.

**PACKING:** All cost of packing is additional to prices quoted. Bales will be charged for at actual cost of material and labor used.

**CLAIMS:** For any cause must be made promptly upon receipt of goods. We will not entertain claims after goods have been once accepted, or when report is not made in writing within ten days after arrival of stock.

**INSPECTION and FUMIGATION:** Certificate of inspection is furnished with each shipment, and stock will be fumigated when required.

**GUARANTEE:** We give no warranty, expressed or implied, as to life, description, quality, productiveness, or any other matter of any nursery stock, seeds or plants that we sell. It is mutually agreed that our total liability for any errors, should stock prove untrue to name as labeled, shall be limited, upon satisfactory proof, to our replacing free or refunding purchase price.

All orders are accepted by us upon the mutual agreement between the purchaser and ourselves that we shall not be responsible for other damages.

2 year No. 1½.....	2.00	16.00
<b>Chaplin's Pink Climber</b> , A pink replica of Paul's Scarlet Climber of which it is a seedling. Blooms in clusters of 8 to 12 fairly large flowers. It is clear pink with a tuft of yellow stamens.		

CLIMBING ROSES—Choice New Varieties (Continued)

**Primrose**, New hardy yellow climber with double, canary-yellow flowers in great profusion. Lighter than Le Reve and more double. Much hardier than Emily Gray. We believe it is the most satisfactory yellow climbing Rose for the North. It is very new and everyone who has it is enthusiastic over its merits.

**Staechelín**. This most unique climber was discovered in Spain in 1925 and has just been awarded the John Cook medal for the most outstanding climber. Hardy, vigorous grower. Crimson buds opening to large perfumed pale pink flowers.

BUSH ROSES

Budded on Multiflora Japonica. Produces the most fibrous root system possible.

## WATER LILIES

The lily pool is rapidly becoming a point of interest in the American garden. With its wonderful array of bloom from early spring to late fall, it is hard to imagine a more thoroughly satisfactory garden feature. Pools are easily constructed; and after the lilies are once planted, require little care other than the occasional addition of water to maintain the desired level.

**Note**—No order accepted for less than \$1.00.

<b>ATTRACTION</b>	Each
Immense lily of rich garnet red color, except for the four outer sepals which are almost white. Free flowering and vigorous.....	\$1.25
<b>COMANCHE</b>	
Considered the finest copper colored variety. In color, it is a rich glowing apricot overlaid with yellow, deepening to blended red-orange. Leaves, olive-green, flaked brown.....	1.00
<b>ESCARBOUCLE</b>	
An intense red, deepening to crimson. Very hardy and free flowering .....	1.25
<b>GLADSTONE</b>	
A large, dazzling white flower of waxen purity with a bright center of glowing sulphur yellow stamens.....	.75
<b>GLORIOSA</b>	
The most popular of all red lilies. The color is a clear current-red deepening as the flower matures.....	1.25
<b>GONNERE</b>	
A splendid, fully double, pure white lily. Leaves are bright green .....	1.25
<b>JAMES BRYDON</b>	
Beautiful, cup-shaped, vivid crimson flower. The leaves are tinged a bronzy red.....	1.00
<b>MARLIAC PINK</b>	
A popular pink lily of pleasing habit. The flowers are a beautiful shell pink.....	.75
<b>MARLIAC WHITE</b>	
A vigorous, free-flowering, pure white of medium size. Leaves are a fresh apple green. Satisfactory for both small and large pools .....	.75
<b>MARLIAC YELLOW</b> (Chromatella)	
The bloom is made up of broad curving petals of clear sulphur yellow. The pads are a fresh deep green, marbled with maroon. A strong grower and a continuous bloomer.....	.75
<b>MASANIELLO</b>	
A fine, soft pink variety of unusually robust constitution, suitable for either shallow or deep pools. Suitable for cut flowers..	.75
<b>MRS. RICHMOND</b>	
A regal flower. The great massive bloom are perhaps the most beautiful of the pink sorts. They are of perfect form, unusually full-petalled, and of exquisite coloration.....	1.25
<b>PAUL HARIOT</b>	
Similar in coloring to Comanche but not quite so large. Upon opening, the flowers are clear yellow with a slight rose suffusion; but on succeeding days the color deepens to an orange pink, and finally matures a copper red.....	.75

# One Man Shrub Digger

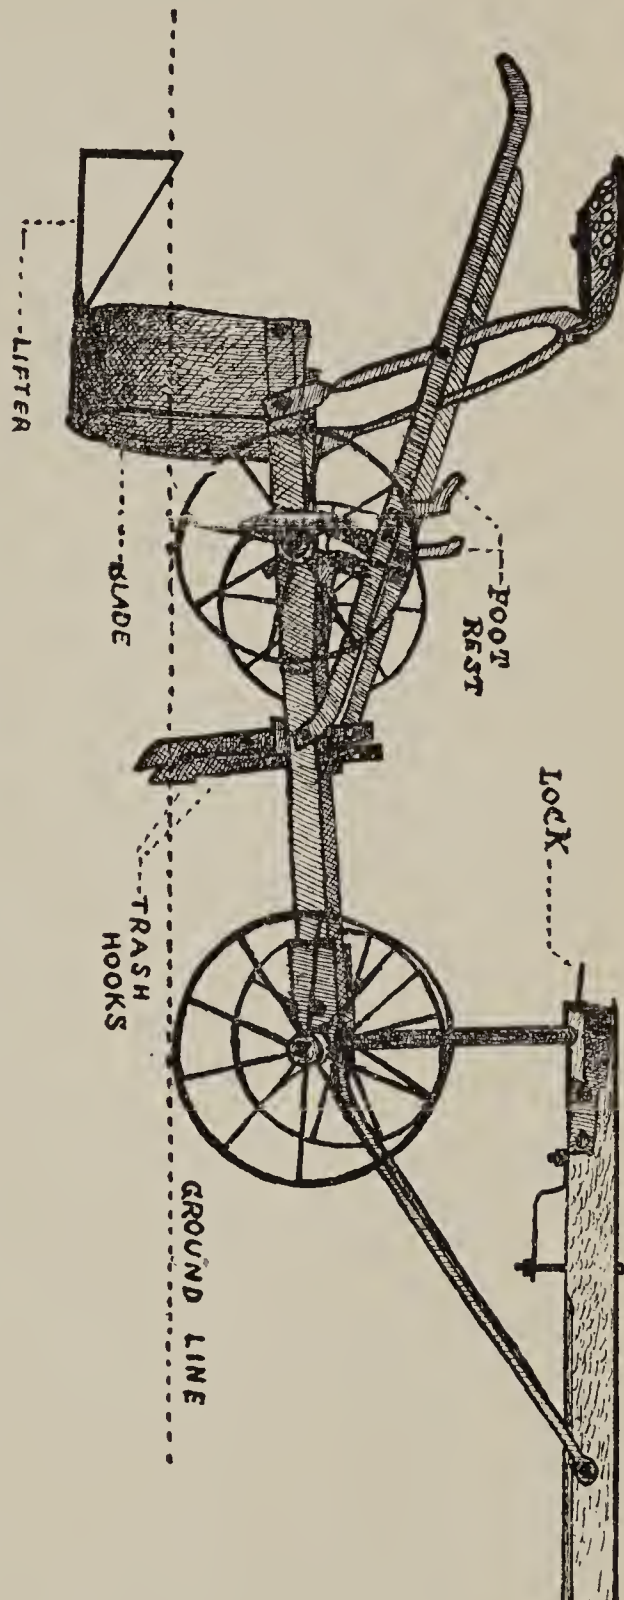

This machine is the best labor saving machine on the market. It saves the labor of two men and four to six horses. Only one man is required to sit on the seat and operate. Handles as easily as a riding cultivator. For heavy 3-4 foot shrubs use four-horse evener; for light digging only one team is required.

For pruning Evergreen roots and light digging, remove lifter, adjust depth of blade by raising or lowering back wheel adjustment. In nursery rows where three or four varieties are growing in the same row to dig one of the varieties in the middle of the row, drive down the row to variety wanted, trip lock and digger will be in position as in illustration—dig variety wanted, raise blade to upright position where it locks, and drive on.

Very fine for June Bud Peaches. To dig 2 year apples wrap doubletree with burlap.

This digger is just the thing for a nurseryman with a few acres and short rows and is also just what the larger grower has been looking for. Will pay for itself the first week. Not carried in stock. Order early to have digger on hand when you want it.

Diggers with 18 to 20 inch blades are of extra heavy construction to withstand the additional strain.

Prices complete, eveners and neckyoke not included:
